THE GOOD RIGHT ARM

Of the Wrecking Company Is Accomplishing Little.

AUTHORITY SEEMS TO LACK.

Spanish Divers Have Not Yet Put In an Appearance.

DIFFICULTIES NOT UNDERSTOOD

Captain Sigbee Hopes to Send Bodies to the United States Hereafter as They Are Recovered From the Wreck.

Havana, March 1.—Little work was done by the divers from the tug Right Arm. Captain McGee, who is in charge, seems to lack authority from the wrecking people or others, and is indisposed to work on his own judgment, except in smaller details.

Captain Sigbee was on board the United States lighthouse tender Fern until 2 p. m. He waited for the Spanish divers, but they did not appear.

Captain Sigbee hopes the survey steamer Bache will return to Tortugas with all the Maine's wounded left here, and he also hopes to send on the Bache hereafter all the remains of the dead recovered in a condition making it possible to place them in coffins.

The difficulty experienced in recovering the bodies is not understood by any but the divers. The latter worked for three hours trying to bring out one body intact, and one of the divers had a bad fall and several got their air tubes tangled. Even then they could not extricate the remains.

The principal efforts of the divers are now directed toward clearing the upper wreckage, smokestacks, guns, hatches, bridge, cranes and gratings. Then, if not before, all the dead can be removed.

Captain Sigbee continues to receive letters in great numbers. All the queries about the men who lost their lives when the Maine was blown up are answered as soon as possible if there is anything to be told.

One of the saddest letters received by Captain Sigbee was from the brother of a dead man, who wrote that when death was claiming the victim his friends at home were celebrating his birthday and wishing him many happy returns of the day.

OFFICER OF THE MAINE

Tells What He Thinks the Court of Inquiry Will Find.

Key West, March 1.—An officer of the Maine, who had been examined by the naval court of inquiry, speaking of the explosion in Havana harbor, said:

"I can't tell you what line of questioning was adopted, but the court will find, I believe, that the Maine was blown up by design, though I don't think it will be able to ascertain exactly how. The court's finding will be based on negative, rather than positive evidence."

"By this I mean that all the testimony so far heard has, bit by bit, upset the theories of those who think the explosion was of internal origin. This negative evidence is so strong and so general that I see no possibility of the court deciding that the explosion was internal."

"The only alternative then left for the court is to fall back on evidence which points to the intentional blowing up of the Maine. This, I think, will be done, unless the court formulates a theory of its own, or declares that it does not know how the disaster occurred, both of which conjectures I think improbable."

Members of the court, when the substance of the interview was brought to their attention, declined to have anything to say. All the high naval and military officials here, when asked crucial questions, politely profess ignorance.

SEVERAL WEEKS

Must Elapse Before the Court of Inquiry Can Report.

Washington, March 1.—In view of the fact that the naval court of inquiry will return to Havana, their report can hardly be expected for several weeks to come.

The court will be occupied at Key West for some days, at least, in taking the testimony of the survivors there.

Upon the return to Havana it is expected that a good deal of time must elapse before the divers can get through the mud which now encompasses the lower part of the wreck of the Maine and examine the bottom.

After this is done the court must deliberate in order to secure an agreement upon their findings.

The prevalent belief at the navy department is that up to this moment the court has not once undertaken to compare notes and endeavor to reach such an agreement.

SPANIARDS AT HAVANA

Are Incited to Action by a Sensational Circular.

Havana, March 1.—The following circular was distributed on the streets of Havana:

It is time that we cast to one side deceptions and puerile fear. It is necessary, even if we all snub in the fight, not to stand the imposition of that proud and ambitious nation which every moment, taking advantage of the weakness of the Liberal government, menaces us and throws down the gauntlet.

Under the new colonial system has occurred the accident to the Maine. They have allowed the dead of a hostile nation to be placed in the palace and a thousand other things to bring us conflicts.

We will go anywhere except to autonomy, and let us also take note that the gallant General Weyler, whom we ought to elect as a deputy for Havana, seconds us. We have on our side the army, the volunteers, the navy and the people.

They force autonomy on us to cast us aside and to give the positions of honor and command to those who initiated this rebellion—these ill-born Autonomists, ingrate sons of our beloved land.

And last, these dirty Yankies who meddle in our affairs, humiliating us to the last degree as a further taunt, send us one of the war vessels of their rotten navy, after insulting us in their newspapers and in our own house.

Spaniards, the time for action has arrived. Slumber not. Let us show those vile traitors that we have not yet lost our honor and that we know how to protect it with the energy of a worthy and strong nation such as our Spain has been and always will be.

Death to Americans. Death to autonomy.

Advice to Uncle Sam.

Paris, March 1.—The Patrieux thinks that war is on the point of breaking out between Spain and the United States, but advises the latter to think twice before engaging in a conflict. "Spain's army and navy," it says, "is composed of seasoned and tried men, whereas this quality is absent in the forces at the disposal of the United States. The American fleet is organized only for defensive war. As for the American army, it is still to be brought into existence."

Poor Holzer Is Dead.

Washington, March 1.—It can be stated authoritatively that the navy department has received nothing to indicate the cause of the explosion. Captain Sigbee has telegraphed that two more dead bodies were recovered. One was unrecognizable, but the other was identified as that of J. W. Johnson. The captain also announced the death in the hospital at Havana of poor Holzer, who made such a gallant struggle for life.

No Extra Insurance.

London, March 1.—There is no truth in the report circulated in the United States that Lloyd's underwriters are asking slight war risks upon Spanish steamers bound for the island of Cuba.

Must Return to Havana.

Washington, March 1.—The navy department received a telegram from Key West officially stating that the Maine court of inquiry must return to Havana to secure evidence from divers.

HELD UNCONSTITUTIONAL

Is the Whole System of Government Inspection of Meat.

Kansas City, March 1.—The entire system of government inspection of meat, which has been established in the packing houses of the United States was declared to be unconstitutional, ineffective and void in an opinion handed down in the United States district court by Judge John Rogers, federal judge at Fort Smith, Ark., who is sitting for Judge Phillips.

Ferris Remains Held For Debt.

Pittsburg, March 1.—The remains of George W. G. Ferris, known throughout the world for his construction of the great Ferris wheel at the Chicago world's fair, are still held at the crematory of Undertaker Samson here for the unpaid funeral expenses. Mr. Ferris was practically penniless at his death, but carried insurance to the amount of \$25,000. This, it is said, was more than eaten up by the numerous claims left.

Jumped Into the River.

Benton Harbor, Mich., March 1.—Mrs. George H. Davidson, 28, left her home at St. Joseph at midnight, clad in a night dress, with her 2-weeks-old babe in her arms. The woman with the child jumped into the river. The woman's body was recovered at daybreak. The body of the babe was carried out into the lake. Insanity caused the deed.

Will Escape Death.

Ottawa, March 1.—Lyman Dart, the 17-year-old boy in Truro (N. S.) jail under sentence of death on March 3 for the murder of a Syrian peddler, has not only escaped the gallows, but will be set free. The trial judge has reported to the department of justice that evidence discovered since the trial shows conclusively that the shooting was accidental.

Called on Blanco.

Havana, March 1.—Senator Proctor and his companion, Colonel Parker, with Consul General Lee, paid their respects to Captain General Blanco and were cordially received.

SITTING IN HIS CHAIR.

But He Was Dead With Two Bullet Holes in His Head.

TWO SUSPECTS ARRESTED.

The First Theory Was Suicide, but the Location of the Wounds Did Not Seem to Bear This Out and It Was Dropped.

Newport, Ky., March 1.—John Arb-feller, 60, was found sitting in a chair in his home with two bullet holes in the back of his head.

A pistol lay on the floor by his side, and at first it was supposed he had suicided, despite the location of the wounds.

Later it was discovered the dead man's pocketbook was missing, and then it dawned upon the officers that he was probably murdered.

John Ratigan and Mrs. Carrie Hans, his mistress, have been arrested on suspicion of murdering the old man.

NO CLEW

As to the Identity of the Dead Stranger Received.

Portland, Ind., March 1.—The body of the man who was found near here under a shock of cornfodder with his face eaten away by rats and frozen, is still lying in an undertaker's office unclaimed. A telegram has been sent to Buffalo, as the stranger is believed to be J. H. Clarke of that city, but no reply has yet been received.

Pensions For Indians.

Washington, March 1.—Pensions have been granted to the following Indians: Original, Abram Hines, Wil-mot, \$8; William H. Piper, Fremont, \$6; James Mace, Grant, \$12; William Crowders, Indianapolis, \$6; Thomas J. Haggard, Montmorenci, \$8. Increase, Ezekiel W. Hainey, \$17 to \$24; William H. Pettit, Cuba, \$6 to \$14; John N. Thomas, Spencer, \$12 to \$17; Elhanan Lientz, Sugar Branch, \$16 to \$17; Daniel Comingore, State Soldiers' home, Tippecanoe, \$17 to \$22; James T. Kil-gore, Eugene, \$6 to \$17. Reissue, William Busby, Pine Village, \$14; James R. Abbott, Crothersville, \$17. Original widows, etc., Armenia Newkirk, North Vernon, \$12; Sarah M. Faris, Bloomington, \$12; Mary Glass, Adams, \$12.

A Shooting Affray at Tipton.

Tipton, Ind., March 1.—While Claude Jolly, Harry Herman and William Sharp were at the home of James E. Close they used offensive language to Mrs. Close, and her husband ordered them out. This precipitated trouble, in which Close was struck with a hammer. He then attempted to get his revolver, and while they were trying to dispossess him of the weapon it was discharged, and the bullet struck Claude Jolly in the stomach, causing a wound which may result fatally.

Eagle Had Flown.

Tipton, Ind., March 1.—A silver dollar, on both sides of which is the liberty head, was being shown on the streets of this city yesterday by David Unger, a farmer living in the north-western part of the county. The coin is pronounced as good by the banks here, but no one can explain why it contains no eagle. Mr. Unger received it in change, but does not know from whom. It is the first coin of the kind ever heard of here.

Orders For Glass Coffins.

Anderson, Ind., March 1.—Orders have just been placed with Indiana Gas Belt glass manufacturers for 500 glass fence posts. They are to be made for a wire fence. It is argued that inasmuch as they will not rot they will prove the best fence post possible. Recently orders were placed for glass coffins for the same reason.

Assaulted by a Tramp.

Peru, Ind., March 1.—While Mrs. Barbara Schlechter, 72, was standing beside the grave of her husband in the Lutheran cemetery, one mile west of this city, a big, burly tramp knocked her down and attempted to criminally assault her. Her screams attracted a farmer near by, and the assailant was compelled to run away.

Dangers of Tight Lacing.

Knox, Ind., March 1.—Mrs. W. W. Garner, 56, died here as the result of blood poisoning. The disease had its origin from wearing a tight-laced shoe. Her left foot became inflamed and blood poisoning developed. Her left leg was amputated to save her life, but without relief.

Sent to New York by Train.

Halifax, March 1.—Sixty-three first class and intermediate passengers of the steamer La Champagne left by the Canadian Pacific railway for New York. There are still 30 passengers of these classes left on board, who will probably remain until orders are received as to how they are to be forwarded to their destination.

ONE HAD A GUN.

Revolver Picked Up at the Hand of a Dead Striker.

Wilkesbarre, Pa., March 1.—In the trial of Sheriff Martin, Burgess W. Smith of West Hazleton said he saw about 50 strikers, Sept. 3, drive the men from the Coyle strippings by throwing stones at them.

Oliver Liebensberger, a builder and contractor of Hazleton, while riding his bicycle, passed some 12 or 15 strikers, who pursued him, crying, "Kill him! Kill him!"

William J. Evans, a reporter, said he picked a revolver up which was lying by the hand of one of the dead miners.

Bromwell's Resolution.

Washington, March 1.—Representative Bromwell (Rep., O.) introduced in the house the following resolution: "That the secretary of the navy be and is hereby authorized, whenever in his judgment it shall become expedient for the best interests of the country to do so, to secure options upon and consummate the purchase of such battle-ships, cruisers, rams, torpedo boats or other form of naval vessels as are of the most modern type and ready for immediate use, together with the necessary armament and equipment for the same, and there is hereby appropriated \$20,000,000 for this purpose."

Only One Collision.

Washington, March 1.—The twenty-ninth annual report of the board of Indian commissioners, of which Merrill E. Gates is chairman, has been submitted to Secretary Bliss. It says that in the general condition of the Indians no important changes have occurred, but there is evidence of steady progress in industrial pursuits and in education. The only collision during the year was between a Ute hunting party in Colorado and the civil officers who attempted their arrest.

Report Denied.

Chicago, March 1.—Reports that 40 of the swiftest telegraph operators in the employ of the Western Union Telegraph company at Chicago were to start for Florida within the coming week, practically under government sealed orders, and that 35 men had already left New York city for Jacksonville and Key West, were denied by William J. Lloyd, assistant superintendent of the Western Union.

Pushing the Work.

Port Townsend, Wash., March 1.—The work of fortifying the three conspicuous points contiguous to Port Townsend, which has been going on in a desultory fashion for some months, is now being pushed forward under special orders from Secretary Alger, and now the doubled forces at work at Points Marow Stone and Admiralty are being worked night and day to finish up.

A Regiment of Cowboys.

Phoenix, A. T., March 1.—A movement is under way for the formation in Arizona of an independent cavalry regiment composed mainly of frontiersmen well skilled in the management of horses and arms, embracing a large number of cowboys. The intention is to be in no wise a part of the territorial militia, but an independent command ready to go to the front.

Serious Bread Riots.

Constantinople, March 1.—Serious bread riots have taken place at Gallipoli, where an attempt was made to burn the government offices. The police made 36 arrests.

Chief of Police Suspended.

Middletown, O., March 1.—Quite a sensation was created when the mayor suspended James B. Emery, chief of police, on the charge of intoxication.

Mormon Conference.

Zanesville, O., March 1.—The Ohio conference of Mormons was attended by 14 elders from Ohio and the western states. Elder Davis presided.

New Bank Examiner.

Washington, March 1.—George Col-ton of York, Neb., has been appointed bank examiner in Nebraska vice Howie, resigned.

Salisbury Is Better.

London, March 1.—The Marquis of Salisbury, who has been suffering from a slight attack of influenza, is now recovering.

More Gold From Abroad.

New York, March 1.—The National City bank has added \$500,000 in gold to the amount it has engaged for importation.

Death of Frank Parker.

Chicago, March 1.—Frank J. Parker, ex-billiard champion of the United States, died here of paralysis.

Admits He Has Two Wives.

New York, March 1.—Actor Ratcliffe admits that he was legally married to Caroline R. Ratcliffe, his English wife.

Sudden Death.

Youngstown, O., March 1.—John D. Lett, a fireman on the Lake Shore road residing here, dropped dead.

GONE ON LONG ENOUGH

Has the Trouble In Cuba, Writes an Englishman.

TIME HAS COME TO STOP IT.

The United States Is the Only Power Which Could Restore Order and She Should Not Waste Any Time.

London, March 1.—Rev. Dr. Charles A. Berry of the Queen Street church, Wolverhampton, who visited the United States in October last as chairman of the Congregational union of England in an effort, it was said, to induce the United States senate to confirm the arbitration treaty, and also to advocate church union, replying to an influential American, writes:

"My view, and I think it is generally held by rational Englishmen, is that the trouble in Cuba has gone on long enough."

"It is being fomented by men who flout the authority of Spain while protesting against American interference. 'This state of things is kept up for the sake of a number of rotten interests.'"

"Spain is not so much contemptuous as powerless, and the United States government is the only power who can restore order."

"With due regard to its own Monroe doctrine and collateral obligations, the Washington executive is justified in insisting upon order, even if it becomes necessary to superintend the management of affairs."

Getting Ready For Inspection.

Washington, March 1.—The reports from Key West about great activity and the observance of unusual precautions among the few soldiers quartered there was received with amusement at army headquarters here. It was said that no orders had gone forward from this city to explain the bustle, but there was the best reason to suspect that the commandant was simply brushing up the post and putting his best foot forward against the expected appearance there on his tour of inspection of General Merritt, the commanding general of the Department of the East.

Army Order Rescinded.

Key West, March 1.—The order forbidding soldiers to go into town was rescinded. No explanation has been furnished, and there seems to be some mystification at this alleged unprecedented occurrence. It appears that the order not only forbade the enlisted men from leaving the reservation, but it confined them to their quarters. At the regular muster and inspection held early in the day particular attention was bestowed by the post commander on the men's marching kits.

Bond Issue Not Considered.

Washington, March 1.—The attention of Secretary Gage was called to the published statement that he was making preparations for a war-bond issue and that the bureau of engraving was preparing the plates. The secretary pronounced the statement unqualifiedly false. No such action has even been considered, he said.

Cruising In the Caribbean.

Washington, March 1.—The gunboat Wilmington sailed from Lagnayra for Barbadoes, traveling over the ground covered a few days before by the Cincinnati and Castine. All of the boats are slowly cruising around in the Caribbean, and will be so employed until April, when they will go south again.

No Lack of Fighting Men.

Washington, March 1.—Many offers have come to the White House from organizations and individuals of their services in case of a conflict with Spain. Some of the congressional callers also have stated to the president that their states were ready to furnish full quotas of men.

No Orders Gone Out.

Washington, March 1.—Secretary Long said that no orders had gone out to send another warship to Havana, reports to the contrary notwithstanding.

Provisions For the Fleet.

Key West, March 1.—The United States cruiser Detroit sailed to the Tortugas with provisions for the fleet.

Heir to an Australian Estate.

English, Ind., March 1.—Francis Newkirk, a laborer employed in the spoke factory, received notice from Australia that by the death of his mother he is one of the heirs to an estate of large dimensions.

Victims of Vegetable Poison.

Logansport, Ind., March 1.—Will Dritt and wife and four children are alarmingly ill from eating canned tomatoes. The poison did not show its effect until three days after the tomatoes had been eaten.

For Kentucky, partly cloudy, variable winds.

HERE'S an editorial from the London Spectator that will meet with hearty endorsement on this side of the ocean:

"No doubt things are a little better under Marshal Blanco than they were under General Weyler, but even he is powerless to stop the Cuban horror. The only hope is in the United States sternly declaring that the Spanish troops must leave the island, and that then the Cubans must be allowed to settle their own fate and to decide whether they will have autonomy or independence. That the United States would be morally justified in saying that the war must now end and Cuba be given peace, we do not doubt for a moment."

ON A COLD TRAIL.

Mr. Gerard Fowke, who has been selected to explore the Siberian section of the Mongolian trail to America, is in New York, at the Museum of Natural History, making his arrangements for the projected expedition. In addition to his other accomplishments, Mr. Fowke is an expert photographer, and is now qualifying himself to make anthropometric measurements and plaster casts. He leaves New York on the 20th of March; goes to Vancouver by Canadian Pacific Railway; to Yokohama; Vladivostok; thence, either by Siberian railway or by boat, to some point about 250 miles from the mouth of the Amoor, and carefully working all the lower part of the river, the adjacent coast, and probably the northern part of Saghalien island. The results of this expedition will be noted with the keenest interest by men of science, and will doubtless go far towards solving ethnological problems of the first importance. Mr. Fowke will carry with him the best wishes of his Kentucky friends for the successful completion of his labors in this vast and uninviting field.

KENTUCKY POLITICS.

Judge Wall on Senator Goebel and His Election Bill—The Congressional Race.

[Enquirer.]

Judge Garrett S. Wall, ex-State Senator, of Maysville, Ky., one of the leading lawyers and politicians in that section of the State, was at the Gibson Sunday. "I was pretty confident," said Judge Wall, "that Senator Goebel's Election bill was all right until I read the rabid editorial diatribe against it in a Louisville gold paper, and now I am thoroughly convinced that the bill is all right—correct in every respect. A commission of high standing elected by the Legislature is not going to appoint men County Commissioners who would deliberately set up or connive at fraud. There is no doubt but what the Republicans swindled the Democrats of Kentucky outrageously in the last Presidential election, and we don't want the dose repeated. Senator Goebel will have no trouble in getting the delegation from our county (Mason) for the Democratic gubernatorial nomination, and we are entitled to a good big representation in the convention. Goebel is strong in our end of the State. As to the Democratic nomination for Congress in our district, that is all at sea as yet, but we are confident of redeeming the district next November, since the Republican Congressman, Pugh, who was only elected by a few hundred majority, has grown very unpopular in his own party, and we have won back many of the Gold Democrats."

GOV. BRADLEY'S PROCLAMATION.

He Calls on Patriotic Citizens to Assist at the Kentucky's Launching.

FRANKFORT, Ky., Feb. 27.—The Governor having received official information that the battleship Kentucky will be launched at Newport News on the 24th of March, has issued the following proclamation:

Having been definitely notified that the great battleship Kentucky will be launched at Newport News on the 24th of March next, at 10 o'clock a. m., the people of Kentucky are now requested to show by their patriotic action on that occasion that they are not ungrateful of the compliment bestowed on them and the State.

WM. O. BRADLEY,

Governor of Kentucky.

Frankfort, Ky., February 28th, 1898.

ANOTHER FIRE

At the Y. M. C. A.—The Rooms Flooded With Water—Building Considerably Damaged.

The local Young Men's Christian Association met with another misfortune Monday.

Three weeks ago yesterday there was a fire of rather mysterious origin in a closet on the third floor, but fortunately at that time the flames were discovered before they had gained much headway, and were extinguished with a few buckets of water, the damage not amounting to much.

The place was at once put in thorough repair, the gymnasium and room in which the closet is located being repapered and repainted.

The closet referred to is next to the north wall, immediately over the stairway leading to the third floor and extends to the frame partition that divides the gymnasium from the bath rooms and lockers.

The closet is used for storing kindling, and the fire three weeks ago started in some kindling on the middle shelf. The door for some time had not been kept locked, and it was thought that probably the first fire was caused by some one throwing a cigar or cigarette into the closet to avoid being detected in violating the rules against smoking. After the repairs were completed, a key was secured, and the closet has been kept locked.

General Secretary Canfield intended leaving Monday afternoon for Winchester, and assisted by Mr. Lamb and others had been busy all morning packing his books. Just before noon they completed the work and he started up to the bath rooms to wash his hands. On opening the door to the third floor he found the room filled with smoke.

The department responded promptly to the alarm, and the flames were extinguished in a short time, but in doing this the building was completely flooded, the fire having gotten in between the roof and ceiling.

The damage to the building is principally to the roof and plastering, and it is difficult to estimate it with any accuracy. It is fully insured in companies represented by Pickett & Respass, John L. Chamberlain and D. C. Hutchins.

The loss falls especially heavy on the Y. M. C. A., as the handsome quarters on the second floor,—reception room, reading room and parlor—were almost completely flooded, and the gymnasium was badly damaged. The chairs, tables and some other furniture were safely removed, but the carpets were soaked with muddy water. The association has about \$700 insurance in W. R. Warder's agency, which will cover the loss.

Zweigart's meat store, Biagiotti & Co.'s fruit store and Gilmore & Co.'s marble room on first floor were also flooded. All fortunately were insured.

Biagiotti & Co. had twenty gallons of coal oil in a tank at the bottom of the elevator shaft, and there was danger of this exploding at one time from the fire that fell down the shaft, but Mr. Jos. Driscoll ran in and removed it.

The origin of the fire is a mystery. The door to the closet was found locked by the firemen. Mr. Lamb, who had been assisting Mr. Canfield, was in the gymnasium and passed the closet about a quarter of an hour before the fire was discovered and saw nothing wrong. Parties who have examined the closet are of the opinion that a paper was slipped under the door and then fired, but if so, by whom? It started in the closet referred to.

Mr. W. H. Cox very kindly tendered the association the old quarters in the Cox Building, and the furniture was taken there, where friends and members will be welcomed.

Mr. Canfield's term as General Secretary expired yesterday, and Mr. A. H. Lamb has been placed in charge temporarily, until Mr. Canfield's successor is engaged. State Secretary Rosevear will be here to-morrow to confer with the directors.

Miss MARY F. HUBER, Secretary of the Kentucky Sunday School Union, will be married next month to the Rev. E. Morris Ferguson, General Secretary of the New Jersey Sunday School Association.

ALMA HEYWOOD, who appeared in "Edgewood Folks" at the opera house here a few years ago, shot and killed the manager of the opera house at Longview, Texas, Friday. They quarreled over some free passes.

THE latest and the best is what you want when selecting anything in the jewelry line. Where can you get it? At Ballenger's of course. His stock is the most complete and best ever shown in Maysville.

REV. WILLIAM ECKELMEIER, who has been preaching at the German Lutheran Church, has been called upon by the trustees of the Newport German Protestant Orphans' Home to again take charge of that institution.

MR. M. O. WILSON, of Aberdeen, has purchased the Vanceburg Sun from D. M. Drennen, and has taken charge of it. The Sun is the only paper in Lewis County, and has a big field. Mr. Wilson's many friends wish him success in his new venture.

THE stock sales at Ripley last Saturday attracted the biggest crowd in years. At Tom Thompson's stables 71 head of horses were sold up to 3 o'clock at figures ranging from \$180 down. Atlanta drivers and coach horses were in special demand. Prices ranged 50 per cent. higher than a year ago.

FENIMAN & PEDDICO, of near Centerville, Bourbon County, sold their crop of tobacco consisting of 33,220 pounds to Edward Bair, of Cynthiana, agent for Liggett & Myers, at 14 cents per pound from the ground up, or a total of \$4,650. This tobacco was raised on eighteen acres of land and is said to be the finest crop in the State.

THE revival meeting at the M. E. Church will be continued every evening this week, Saturday night excepted. The meeting is growing in interest. Splendid singing, from fifteen to seventeen voices in the choir. Preaching by the pastor F. W. Harrop every evening at 7 o'clock. "Come thou with us and we will do thee good." All made welcome at these services.

THE comparative statement of gross earnings of the Louisville and Nashville Road for the third week of February shows gross earnings of \$435,270, against \$398,130 for the third week of last February, being an increase of \$37,140. Earnings from freight traffic show an increase of \$28,150; from passenger traffic, \$10,220, and miscellaneous earnings show a decrease of \$1,230. From the commencement of the company's fiscal year, July 1 last, up to and including February 21, the gross earnings were \$14,141,374, against \$13,362,304, being an increase of \$779,070.

GREAT catastrophes are happening every day. Maysville certainly has been treated to her full quota within the past two months. We might exclaim in the words of Shakespeare "One woe doth tread upon another's heels, so fast they come." Under the calamities our people are frenzied, excited and well nigh panic stricken, so it is most comforting and reassuring to have a prophet or optimist speak words of cheer or write sentences of brighter things. We pose in the garb of those delightful people and though we ask you to witness "A Great Catastrophe" next Thursday night yet we tell you with much joy it is a two-act farce of great fun-producing power, laughter making, risible touching and screamingly absurd. Twenty-five cents will admit, and this entertainment will so please you as to have you forget the others which have so disturbed you. Money made goes to rebuild opera house.

Early Sewing!

The advance sale of seasonable wash goods is full of interest for industrious women. Sewing in winter is a pleasure; in summer, when sultry hot days depress one, it's a health-wrecking strain.

For Underwear we have a full line of white goods. D. HUNT & SON.

Lecture by Norman Guthrie on Swinburne.

Monday afternoon's lecture convinced his hearers that Mr. Guthrie is not a Swinburnian. He thinks that there was never a more amazing juggler with the English language than Mr. Swinburne; that he is a scholar of rare attainments, a rhetorician, an orator; but Mr. Guthrie says he is obscure, and avers that the much complained of Browning is daylight compared to him. That it was never the purpose of Mr. Swinburne to be intelligible, because he never had any thing to say. As to his fire, his passion, Mr. Guthrie dubs it "hysteria." The selections from Swinburne were exquisitely rendered, and proved Mr. Guthrie an elocutionist of rare skill and power.

February Weather.

The local weather observer furnishes the following information in regard to the weather the past month: Highest temperature was 70° on February 11th; lowest, 3° below zero on February 3rd. Mean temperature for the month 35.7°. The total precipitation amounted to 2.05 inches. The greatest rainfall in any twenty-four hours was on the 20th, amounting to .69 of an inch. There were only four clear days in the month, five partly cloudy and nineteen cloudy. Snow fell on five days, but it amounted to but little.

An Egg and Rabbit Crop.

A correspondent of the Cynthiana Log Cabin says: J. B. Brannock sold 3,563 rabbits, 24,420 dozen eggs from January '97 to '98 for which he paid \$2,755.58. The raising of poultry and catching rabbits is no trilling industry if closely followed. The rabbit crop if rightly computed has done more for the people of Harrison County this year than the wheat crop."

NEW IMPROVEMENT.

The Pogue Distillery Company Erecting a Dry House For Drying Still Slops For Feeding Purposes.

The H. E. Pogue Distillery Company has begun work on a new brick building, just west of the distillery plant, in the West End.

This new building will be two-stories high, twenty-five feet wide and fifty-five in length. It is to be fitted up with a patented process for drying still slop, and will revolutionize the business of slop feeding.

The slop is dried out and can be shipped to any point in sacks. The company has a big contract with a Cincinnati firm for this dried slop.

Work on the new building will be pushed to completion. It will cost about \$7,500.

It is also learned the company will add additional brands to their output of whisky and will run most of the year hereafter.

THE telephone was twenty-one years old last week, and yet few people can remember when the first message was sent by this method. A dispatch from Professor Bell, who was at Salem, Mass., to the Boston Globe was the means of opening to the world this invention, which has truly revolutionized the means of communication in our daily life. It was considered wonderful at that time to speak over a wire at a distance of a few miles; but to-day we find nothing remarkable in hearing a friend speak who is 2,000 miles away. And who knows what the next decade may produce in improvements!

The Matinee Musicales. The members of the Matinee Musicales were entertained by Mrs. Thomas A. Keith Monday afternoon. The following program was rendered, and greatly enjoyed by the large number present: "The Chas."—Miss Blatterman. "Had I My Choice"—Miss Loyd. "Serenade"—Miss Johnson. Vocal Solo—Miss Platt. A paper on "The Scales" was read by Miss Berry and a resume of current events by Miss Moore.

COMMITTEE'S APPEAL.

Maysville Property Owners Asked to Aid Washington Fire Company—Subscriptions to Date.

The following is self-explanatory:
On Sunday morning, January 30th, the Washington Fire Company lost by fire their home together with the opera house upon which they depended for their support and upon which our citizens depended for an amusement hall. In the destruction of the building there went up in smoke and flame the hard earnings of the company, covering a period of forty-eight years and amounting to over \$12,000. They are now without shelter and without a single dollar—nothing left save their honor. The firemen of our city have always been faithful to duty in saving your property, and upon many occasions have saved our city from total destruction. It is now proposed, and due them, to rebuild their home, and for this purpose a subscription has been started and a liberal amount secured. Will you be one to assist in this effort by a subscription? Respectfully,

THOMAS A. DAVIS,
ALEX. CALHOUN,
J. D. DYE,
WM. H. COX,
HORACE J. COCHRAN.

Every property owner in the city is directly interested in this matter, and a liberal response to this appeal will enable the company to begin the work of rebuilding as soon as spring opens.

If you have not subscribed and desire to do so, send your name either to the BULLETIN or to any of the above committee, stating amount.

FIREMEN'S MEETING.

The Washington Company Will Meet Wednesday Night at Neptune Hall.

President Russell requests the members of Washington Fire Company to meet at Neptune Hall at 7 o'clock next Wednesday evening. Business of vital importance.

Every member of the company, as well as all friends of the firemen, cordially invited to attend.

PERSONAL.

—Miss Sudie Shepard left Monday morning to spend a few days in Cincinnati.

—Miss Nannie Peed, of Mayslick, is the guest of Mrs. W. P. Dickey, of Mt. Sterling.

—Miss Anna King was in Cincinnati Monday attending the spring millinery openings.

—Miss Betsey Rhodes and Agnes Clift have returned from a pleasant visit of Miss Amanda Forman, near Manchester.

—Enquirer: "Miss Rose Lynch, of Maysville, Ky., was the guest of her aunt, Mrs. James Kinsella, of 1014 Ninth street, last week."

—Mr. and Mrs. Patrick Gantley, of Wedonia, spent Sunday with her father, Mr. James Maher, at the first tollgate on the Lexington pike.

Mementoes of the Long Ago.

Mr. George L. Cox, of the old and well-known dry goods firm of George Cox & Son, has a copy of the WEEKLY BULLETIN issued October 13th, 1864, and printed on tea paper, in the troublous times hereabouts during the war.

Mr. Cox also has an interesting memento in the shape of a copy of Muster Orders for 1828 found among some papers belonging to his granddaughter, the late George Cox, as follows:

MUSTER ORDERS FOR 1828.
Mr. George Cox—Sir: You are hereby ordered to attend the following musters, armed and equipped, as the law directs, viz: Battalion muster in Washington on Friday, the 30th day of May next. Regimental Muster at Capt. Jacob Black's, on Friday, the third day of October next, each day to parade at the hour of 10 o'clock a. m. Company musters to meet at the market house on Sutton street in the town of Maysville on the 4th Saturday in April and June, at 1 o'clock p. m. Court of Assessment to be held at the house of James H. Hudnut in the town of Washington on the last Monday in October next. By order of Captain Wm. Marshall.

The Chaplains of the Navy.

[New York World.]
There are twenty-nine chaplains on the active list of the navy; of these three are Roman Catholic priests and twenty belong to the various Protestant denominations. It is said that about 40 per cent. of the enlisted force of the navy belong to the Roman Catholic faith. All the chaplains on the retired list are Protestants.

The Ideal Panacea.

James L. Francis, Alderman, Chicago, says: "I regard Dr. King's New Discovery as an Ideal Panacea for Coughs, Colds and Lung Complaints, having used it in my family for the last five years, to the exclusion of physician's prescriptions or other preparations."
Rev. John Burgess, Keokuk, Iowa, writes: "I have been a Minister of the Methodist Episcopal Church for fifty years or more, and have never found anything so beneficial, or that gave me such speedy relief as Dr. King's New Discovery." Try this Ideal Cough Remedy now. Trial bottles free at J. James Wood's drug store.

PLUMVILLE.

Mrs. Lewis Jenkins is convalescent.
John Lyons moved to the Valentine farm last week.

William Hord moved last week to Clark County where he will engage in farming.
Charles Bean arrived home last week from Lebanon, O., where he had been attending school.

Mrs. Mattie Davis entertained with a social St. Valentine's evening. All reported a merry time.
George Enoch, of Lewisburg, is proprietor of the Davis blacksmith shop. We wish him success.

Irvin Goodman has removed to his residence, at this place, recently vacated by William Clutter. Mr. Clutter removed to the Lewisburg vicinity.

Mr. Robert Wolf, of Springdale, now occupies the residence vacated by Daniel Webster. Mr. Webster has moved to the farm he recently purchased.

The camel is a beast of great strength and endurance. Nothing hurts it until the proverbial "last straw" is added to its burden. The human digestive system is very much like a camel. It is really astonishing how much abuse it will stand. Sometimes, however, something worse than usual will be eaten, and will go through the stomach into the bowels, and there it will stick—that's constipation. Nine-tenths of all human sickness is due to constipation. Some of the simple symptoms are coated tongue and foul breath, dizziness, heartburn, flatulence, sallowiness, distress after eating, headaches and lassitude. A little thing will cause constipation, and a little thing will relieve it. Dr. Pierce's Pleasant Pellets are a certain cure for constipation. They are tiny, sugar-coated granules, mild and natural in their action. There is nothing injurious about them. Sold by druggists.
Address with 21 cents in one-cent stamps, to cover cost of mailing only, World's Dispensary Medical Association, Buffalo, N. Y., and get a free copy of the "People's Common Sense Medical Adviser."

Mr. W. P. Walker, Jr., who was stricken with paralysis at Cincinnati Thursday, is improving.

The Coal You Didn't Order

Is what got for you a cold reception at home. If you want to have "a hot time" at your house twenty-four hours in the day use SEMI-CANNEL COAL. It burns clean and not too fast; throws out a steady, strong heat and holds fire all night. Take a trial order to-morrow—and when you order a load you'll get FULL WEIGHT every time, being one of the things we're very particular about.

PUBLIC SALE

—OF THE—

LAND

And Personal Property of George Wood, Sr., in Mason Co., Ky.

The undersigned, assignees, will offer at public sale, on the premises near Washington, Ky.,

WEDNESDAY, MARCH 2, 1898,

the following real and personal estate, to-wit: The valuable farm of George Wood, Sr., consisting of about 435 ACRES OF LAND, situated within a very convenient distance of the city of Maysville, on the Hill City turnpike, the best free turnpike in Mason County. The farm is well watered, has a fine residence, several tenant houses, good tobacco barns, stables and other outbuildings. The farm will be sold either as a whole or in tracts to suit purchasers, upon the following very liberal terms: One-fifth cash and the balance due and payable in one, two, three and four years respectively, with interest at 6 per cent. per annum from date of sale, payable annually, with the privilege of an extension of the last two payments one year each, the deferred payments to be secured by a lien upon the land and the whole debt to mature upon default in any payment or interest when due. Purchasers will have the privilege of making as large a cash payment as they desire.

The personally, consisting of Hogs, Horses, Sheep, Cattle, Corn, Agricultural Implements and supplies usual on a well stocked farm, will be sold on a credit of nine months, for which notes will be required, payable in bank, with approved security.

SPECIAL NOTICES.

1. The sale of the personally will begin at 9:30 o'clock a. m.
2. The sale of the farm will begin at 1 o'clock p. m.
3. A special survey has been made of the farm and a plat of same showing the susceptibility of division can be seen at the office of the assignees in Maysville, Ky., who will furnish any additional information required on application.
A. M. J. AND WM. D. COCHRAN, Assignees.
